

## Overview:

When you have the nicest campers on the road, we want to make sure that both you and the vans are protected against unforeseen accidents. For that reason, **we require that all reservations are covered**, either through your personal auto insurance provider or through one of the Liberty Mutual plans we offer. While the Liberty Mutual plans are excellent, we have found that **renters are often able to find much more competitive pricing through their personal providers**. As these vans are technically classified as **Class B RVs**, insurance providers often categorize them differently than they do for a standard rental cars. For this reason, **we require your insurance company send us an insurance binder** stating that you are covered throughout your rental period. The binder must have your name, the vans vins, and you rental period listed. In an effort to make this as easy as possible for you, we have prepared a binder request form; click [HERE](#) for language you can easily copy and paste into an email to your insurance company.

## Liberty Mutual Policy Options:

	Auto Physical Damage	Roadside Assistance	Liability Insurance	Windshield Damage Repair
